An adult will be considered a student's legal guardian or legal foster parent only if there is proof of such a relationship (as evidenced by valid, appropriate court documents).
- Applications are not considered valid until they have been received and reviewed for completeness and a confirmation card or email has been sent back to the applicant.

Please note, however, that our school may not be equipped or designed to satisfy a particular student's disability or special needs. Such a determination may be made after enrollment by the committee or subcommittee on special education (CSE) in the child's home district of residence. In the event our school is deemed to be an inappropriate educational setting for a particular disabled student or special needs child, our school must work with the Committee on Special Education and the parent to provide a setting that meets the needs of the individual student as stipulated in their IEP or 504 Plan.
